## Group Study Exchange

If you haven't met the GSE Team from Uruguay, Rotary District 4970, you can still catch their program Friday, April 24, 4:15 pm. Delightful ladies have been visiting our District since March 28th.

Team Leader: Ana Maria Constantin,  
Rotary Club Colonia Valdense  
Team Members: Sonia Sosa, Mónica  
Vide, Silvana Porley, Silvana Ricca  
(All Secondary English teachers )

Your Foundation money at work! Teams of one Rotarian and four non-Rotarians from our Rotary District will go someplace exciting. You are qualified to be the team leader! The tour is for 30 days and we also need non-Rotarians to apply. If you employ a young professional, ages 25 to 40, invest in 30 days of their future by encouraging them to apply. Rotary pays for everything except their passport, health insurance and lost pay.

We outfit our GSE teams with matching uniforms they select. They are individually hosted in the homes of Rotarians. They will have two vocational visits each week. They will spend a least half a day visiting with people within their profession in the other country; exchanging ideas and solutions. They will also tour as a team to Rotary projects and points of interest as defined by the Rotarians of the other country. Twice each week they will speak to foreign Rotary Clubs about the United States and things about the teams' home lives.

# BORDER YOUTH SUMMIT

**Better Understanding Our Similarities and Differences**

The Rio Grande Valley of South Texas is a special place. It is a place where two countries come together. On April 18-19, 2009, the Rotary Club of Harlingen, Club Rotario Matamoros, Mexico, and Brownsville Sunrise Rotary clubs all came together on South Padre Island to make a difference in the region. This international effort served as a bridge to build goodwill and better friendships between youth leaders on both sides of the border.

Over 50 student leaders participated in this first ever bi-national summit. They presented information about their countries, they spent time discussing common interests and challenges, and they met new friends.

We hope this effort is just the first between our two countries. We salute the Rotary Clubs involved and the countless volunteers that made this effort possible. We also salute the student leaders attending this conference. Our future is in their hands.
